Sign Up/Log In

When you receive the email invitation, follow the link to the Sign Up / Log In Page

As this is the first time you will be requesting access, please follow the 'Sign Up' link

Please ensure you use the same name and email address that the invitation was sent to – this corresponds with our conference records and will be checked before your application is approved.

Please make a secure note of your log in details as we have no access to this information.

Access to Recordings from 2021-2024

Please allow up to 14 days for your log in application to be checked against our conference records. We will then allocate the conference collections to you in accordance with our records.

When we allocate a collection to you, you will receive an email confirming that you have joined one of the programs and will mention a fee that you have paid. You can ignore this as there is no fee payable for existing delegates.

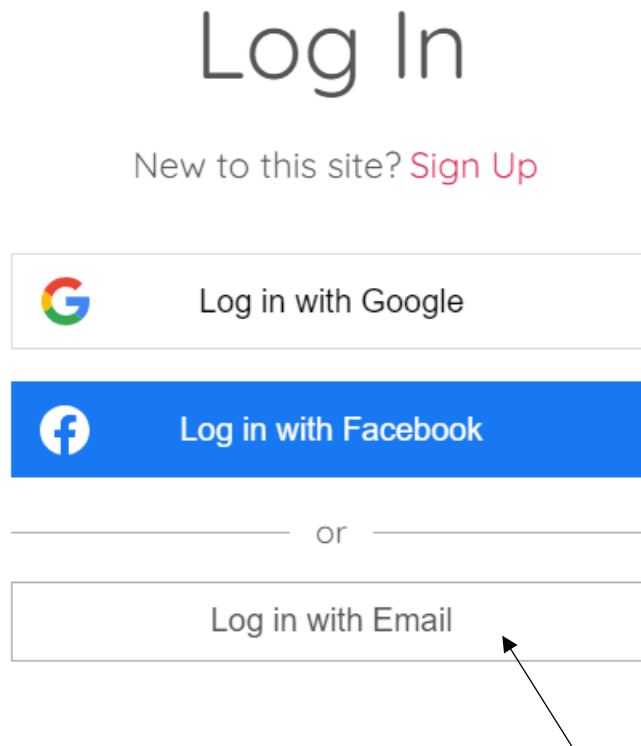

You will receive separate emails welcoming you to the program and to the relevant conference forum.

When you receive these emails, please take this as confirmation that you have now been allocated to the relevant conference collections and can log in whenever you choose to access the recordings.

Logging In

You can log in to the secure area of the website to access your recordings.

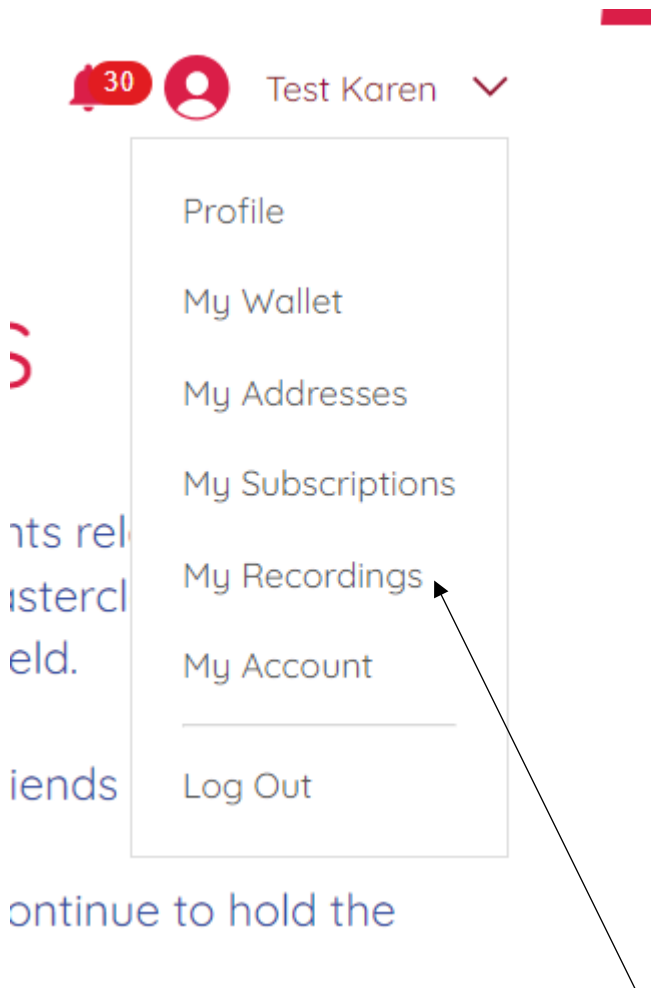

This time (and every subsequent time), you will choose the Log in option.

When you are logged in to the site, your name will appear in the top right, with a drop down menu of options:

The screenshot shows a user profile for 'Test Karen' with 0 followers and 2 following. The user is a 'Falconer'. Below the profile are navigation tabs: Profile, My Recordings (highlighted), Events, My Subscriptions, My Account, and Notifications. Under 'My Recordings', there is a 'Programs' section with the subtitle 'Track the progress of your programs.' Two tabs are visible: 'Active' (selected) and 'Completed'. Two collections are listed:

- 2025 Live Masterclass Collection**: 1 Live Access & Recordings. Status: You're a Participant. Action: View Program.
- 2024 NLP Conference Collection**: 33 Recordings. Status: You're a Participant. Action: View Program.

An arrow points from the text 'Choose which collection you wish you view.' to the 'View Program' link of the 2024 NLP Conference Collection.

Choose which collection you wish you view.

As the collections are quite large, you may need to refresh the screen at this point, to nudge the page to load.

All the recordings are listed in alphabetical order by topic. Each topic has either 1 or 2 steps

1 step means there is a video recording only

The screenshot shows a recording step list for 'Complex Meta Programming - Understanding Purpose' with 0/2 steps. The list contains two items:

- Handout
- Video

2 steps mean there are handouts associated with this recording, which you can download before watching the recording. If you do not wish to download or view the handouts, then just skip straight to the video.
